

Digital storytelling

We are happy to share with you that our projects has reaching its end and one part of the succes is to show you that we created a **training material**, a **manual** we worked on together and shared with each other.

At the end of **May** we met in North-Macedonia, in Skopje and we tested the Manual.

The next step is going to be the trainings for the roma adults in every partner country.

Every partner should train 7 roma adult, so for the end of the trainings 49 adults will be trained.

THE MAIN TOPICS OF THE TRAINING MATERIAL

1. Digital storytelling

2. Creating script

3. Using visual multimedia

4. Using audio and music

5. Ethical and Legal Constraints

6. Publishing and sharing your story

What we are waiting from the trainings?

- 1. We would like to train roma adults to learn what digital storytelling is
- 2. We would like to share with them the practice of using social media platforms
- 3. We would like to teach them how to use video editing softwares
- 4. We would share them how to tell their stories
- 5. And we would like to motivate them to share their stories in digital way

DATES OF THE TRAININGS
